Texas Crash Hurts S.V. Fire Chief

Spring Valley Fire Chief Frank Berger was seriously injured in a roadside auto accident in Midland, Texas Sunday, the beginning week of a 30-day vacation.

Berger, 38, suffered six broken ribs, two broken bones in his left arm and two fractures of his jaw. He will be in Midland, Texas, Memorial hospital two and one-half weeks, family members said.

Less severely injured was Berger's teenage daughter, Carol Jean who lost three front teeth and suffered a forehead cut. His wife, Lucille, was shaken and bruised but was released from the hospital this week. The couple's twin children, Mary and John, 10-years-old, suffered minor contusions.

Mrs. Berger plans to bring the children back to Spring Valley by air as soon as she is dismissed from the hospital. Midland firemen have invited family members to live in their homes until they are able to get a flight to San Diego.

Berger's condition is reported as "good" by family members.

Longer Open Hours For Don Diego Market

Extended summer hours were announced this week by Don Diego Markets, Broadway and Olive sts., Lemon Grove.

Beginning now, the market is open 9 a.m. to 11 p.m. daily and from 9 to 9 on Sunday adding two hours a day to the shopping period.

Loren Kuntz, market operator, said longer hours of daylight and relaxed outdoor living that comes with summer, dictated the longer hours as an accommodation for Don Diego customers.

State Treasurer Bert Betts Divorce Filed

An interlocutory divorce decree was granted last week on Thursday to Mrs. Sarah Betts, wife of Bertram A. Betts of 8145 Palm ave., Lemon Grove. Betts is California state treasurer.

The couple was married August 2, 1944 and separated this year in March. They have six children.

The decree was granted in the court of Superior Judge

'Old Man Of The Sea' Residing In Spring Valley

Seamen who now go around the world in a matter of weeks can easily forget that a half-century back the same voyage required as much as 13 months.

One man who remembers the old sea voyaging days very well and who has sailed in the old ships is Capt. Axel J. Larson of 8930 Lamar st., Spring Valley. Even now at 75 he pilots smaller sailing vessels up and down the Pacific Coast.

The story of Capt. Larson's life is like one of the wonder-

Boys Flee From Peril Of Gas Fire

Two Lemon Grove boys who turned and ran from the gasoline fire they started accidentally while at play probably saved themselves from serious injury shortly after 1 p.m. on July 11, according to Lemon Grove assistant fire chief Fred Dixon.

Using real gas for their toy cars, Harold Perkins, 9, and Randy Fenwick, 10, fled from the scene when the fire in a patio playhouse ignited spilled gas and exploded a whole can of gas.

They were playing at Harold's home at 6927 Waite dr., Lemon Grove.

CALLS FIRE DEPT. Randy hurried to his house at 6990 Waite dr. and called the fire department, Dixon said.

Meanwhile older boys in the neighborhood started attacking the \$125 fire with streams of water from garden hoses. The fire department doused the remainder of the blaze upon its arrival.

Damage was to the aluminum patio roof and to wicker

blinds.

OTHER FIRE CALLS

On July 7 an evening clothes dryer fire in Del's Easy Wash at 7775 Broadway resulted in \$100 damage to clothing in the dryer belonging to C. W. Winters, 8758 Lamar st., Spring Valley.

SEAT BURNT

The rear seat of a 1961 Oldsmobile belonging to James Rodgers of 7804 Longdale, Lemon Grove, was burnt by a fire caused from a cigarette about 4 p.m. on July 8. Damage amounted to \$100.

The fire department had two ambulance runs during the past week. On July 8 shortly after noon firemen were called to the home of Herbert Palmer, 54, of 6947 San Miguel. They reported he didn't respond to resuscitator treatment and he was pronounced dead when the doctor arrived.

On July 12 the department gave inhalation treatment at 3:57 a.m. to Mrs. Domitila Lierias, 66, of 7868 Lester. It wasn't necessary for her to be taken to the hospital.

Water Thievery To Be Dried Up In La Presa

SAN DIEGO (CNS) — Criminal prosecution of "water thieves" in the La Presa County Water District was ordered Thursday night at a meeting of the district's board of directors, according to Robert Thorn, attorney for the district.

Thorn said that about \$500 worth of water is being stolen each month from the district's

lines. The sheriff's office and the district attorney are being asked to cooperate in the arrests and prosecution, he said.

Thorn estimated that about 50 "water thieves" are now operating in the district. He said these are residents whose service has been cut off because of failure to pay for water, new residents who have joined on to district lines without authorization and contractors who are taking water from fire hydrants to use for construction purposes. Seals were put on the cut-off water lines.

Maintenance men, who also read meters, will check suspected thefts of water, according to Thorn. He added that he will draw up the criminal complaints, with arrests to be made by sheriff's deputies.

The water district lawyer said prison terms of up to one year and fines up to \$1,000 can be levied for water thefts under the state's penal code.

Of 20 seals put on in June, Thorn said, only four remained when meters were checked at the end of the month. Padlocks replaced the seals but these are now being sawed off, he said.

The district, according to the attorney, cannot afford to lose \$500 per month in water and to make up the loss by adding to the taxes of property owners. "It just wouldn't be fair," Thorn said.

Minimum Area Limit Set On La Presa Homes

SAN DIEGO (CNS) — A limit on the minimum area of dwellings in the La Presa section was voted last week by the Board of Supervisors, at the request of landowners fearful of "substandard houses" in their community.

The Board set the limit at 650 square feet of living area, exclusive of garages and breezeways, and made the new ordinance an emergency measure, to be effective at once.

The request from property owners was for a limit of 1,000 square feet and had been asked by a group headed by Mrs. Zona M. Bolton, but Bertram McLees Jr., assistant county counsel, said he doubted such a limit would stand up in court.

The Board was acting on its powers to protect the health and welfare of residents, McLees pointed out, and he added that it might be hard to prove that a house with 1,000 square feet of area could be called "substandard." He added that the state minimum is 360 square feet.

The area to be covered in the new law includes La Presa and the East-Side Addition to La Presa Heights.

There are moments when at the touch of memory the past comes forth like a pageant and the present is prophetic.

Unemployment Tax Creates It!

Employers, throughout the state, were required to pay an extra pay-roll tax last month. The tax is levied under provisions of the Miller-Collier Act and is known as the extended unemployment tax. In practice it raises business taxes when business gets bad.

Unemployment is certainly a result of reduced business activity. Business firms and employers suffering from reduced income are taxed in proportion to the amount of payroll tax firm has.

Almost every firm carries one employee or more on the payroll by sufferance because he was there when business was better . . . and optimistically, he will be needed when business improves.

The employer takes a look at his job requirements list when the extended unemployment tax bill arrives and with reasonable logic searches the firm's need for marginal employees. The result is more chaff for the unemployment mill.

Need for unemployment payments is not under question but the tax form for meeting the payments is. To us it appears to be an unemployment tax for creating more unemployment. Demanding more milk from Ol' Bossie while cutting off her hay, so to speak.

Let Governor Pat Brown's tax experts, who have already come up with some mighty odd taxes during his regime, come up with a better solution to the unemployment problem.

If more lay-offs should be an absolutely necessary by-product of money-raising for unemployment, let it be the lay-off of some of the too-many people on the payroll of government bureaus, departments and commissions.

This tax, from its conception to its application, is a good example of how taxing bodies can injure our very sensitive economy.

Water Tax Cut 4¢

Tax rate for Helix Irrigation District was set at 56 cents for each \$100 of assessed valuation and 82 cents for property within the El Cajon Annex.

This represents a reduction of our cents for the District and three cents for the Annex.

Rates are levied against land only without consideration of improvements.

The assessed valuation for the coming tax year is \$54,320,000 with an assessment of 406.394. The past year's valuation was \$53,050,360 with assessments of \$418,526.

RUDGET APPROVED The District also approved a budget of \$4,371,490 which includes \$30,764 for capital equipment; \$2,494,600 for capital outlay which includes \$1,873,000 for work on the Chet Harritt dam now under construction, and \$587,472 for pipeline construction; \$1,846,115 for maintenance and operation which includes \$449,166 for purchase of Colorado River water.

Revenue will come from \$2,198,128 in water sales plus funds on hand.

The budget does not affect the District's tax rates since the latter is used solely for bond principal and interest.

Girls Steal Cars

TEEN-AGERS ADMIT THEFT OF AUTOS FOR JOY RIDING

Two area girls attending summer school at Mount Miguel high school were questioned on July 7 by sheriff's deputies about the theft of a car belonging to Michael Tindall of 10370 Don Rico rd., Spring Valley, from the Miguel parking lot.

The girls, both 14, admitted the theft and also stated that they took a '50 or '52 green Chevrolet at least five times and a '59 turquoise Chevrolet twice for "joy riding."

A third girl believed involved in the joy rides was questioned in Juvenile Hall where she was being held as a runaway and an incorrigible.

The cars were started by the use of a key borrowed from a boyfriend, which the girls found fit general motors cars.

Takes County Championship

S.V. Pigeon Raiser Wins 137 Fair Ribbons

DEL MAR—The Paul E. Robertson family of 9441 Barbic Lane, Spring Valley, has won 137 ribbons in pigeon competition to become the champion award winners of the 1961 San Diego County Fair at Del Mar. They have won more award ribbons than anyone else at the fair.

A family hobby enterprise, Paul E. Robertson, 49, and his two sons, Gerald, 21 and Kenneth, 17, started Silver Bell Lofts nine years ago with nine birds. Now they have over 500 birds and entered more than 225 of them in this year's fair.

Mrs. Robertson says she lets the men in the family take care of the birds and her hobby is being a homemaker. The Robertsons have been entering the San Diego County Fair since 1957 and have received blue ribbons every year since then.

This year the Robertsons Silver Bell Lofts won 11 champion best of breed ribbons. In addition they won 49 blue ribbons, 43 second place awards, 27 thirds and 2 fourth place ribbons.

Otherwise Spring Valley and Lemon Grove residents didn't fare so well this year at the Del Mar County Fair. Local names appeared only spasmodically among the prize winners.

A reporter for this newspaper, Elizabeth Seymour Robinson, won prizes for apple sauce and apricots.

A Spring Valley group, the SD County Beekeepers association took first prize for cotton honey and a long list of second places for various other types.

Margaret Taylor, 2748 Skyline dr., L.G. took third place in 4-H Clothing Awards with a skirt; Barbara and Sharon Cooper, 7943 Lincoln st., L.G., first prizes for dresses and jumpers, and for a layer cake. Peggy Carole Burch, 2194 Bonita st., L.G., took second prize. Local pigeon fanciers took a covey of prizes. Pete Selvig, 3165 Massachusetts, Lemon Grove, won three first prizes, a second and a third.

John Pietersen, 8070 Mt. Vernon st., Lemon Grove, took two first prizes.

Mike McCrae, 7155 1/2 Mt. Vernon, Lemon Grove, took a third prize.

Bill Hubbard, 7143 Central ave., Lemon Grove, took six first places, four seconds and three thirds.

Paul F. Weber, 1750 Elroy dr., Lemon Grove, took seven first prizes and four second prizes.

Jeff Long, 1701 Dayton dr., Lemon Grove, took two first prizes.

In the chicken competition, Ralph Borrelli Jr., 3722 Linda ln., Spring Valley, won a second and a third prize.

In dairy goat competition Mrs. Claudia Bess took fourth place.

Reporter Takes Fair Prizes

PRIZE WINNER — Proudly displaying two ribbons she won at the S.D. County Fair for her cooking prowess, Betty Seymour Robinson, crime reporter for this newspaper, was receiving plaudits of her acquaintances. She won prizes in the applesauce and loquat categories after impulsively buying the fruit earlier this year at a local market sale. She does her cooking at her home at 10096 Casa de Oro blvd., Spring Valley when she isn't reporting for the Spring Valley Bulletin and the Lemon Grove Review. Staff photo

A new issue of the chamber brochure was exhibited. The folders, similar to ones pro-

Wider Broadway Seen For Fall

Surveyors of the San Diego County Road Department are taking readings this week on Broadway between Olive and Kempf sts. in Lemon Grove.

Readings will be used to guide contractors when the east end of Broadway is improved late this fall, according to Howard Taylor, chief of county engineering division.

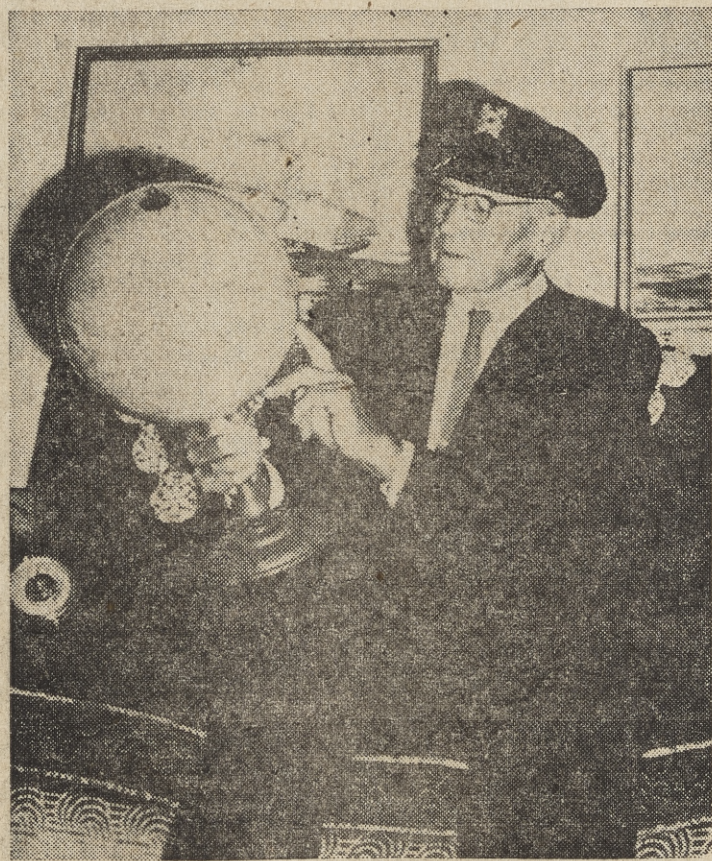

Broadway east between Kempf and Sweetwater rd. will be widened to four lanes this year, Taylor said. Funds are in the 1961-62 budget for the improvement but bids will not be let until some of the larger road projects in the county are completed, releasing men for the job.

Improvement of Broadway between Kempf and Olive is yet to be budgeted, Taylor said.

The chamber agreed to participate in a retail sales training program at the Monte Vista junior college. Ed LaSalle proposed participating in the program.

Jack Durham's resignation from the board was accepted with regrets.

Question of the week: Do you think James Hoffa is taking too much power? Mrs. Dorothy Scott, saleslady at Linda's in Lemon Grove, 462 Billow dr. in San Diego:

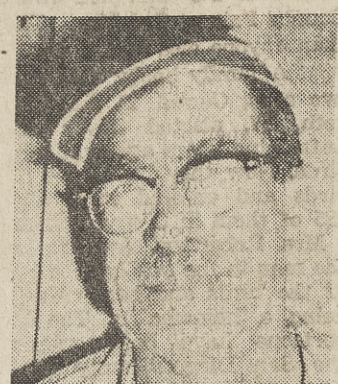

MRS. DOROTHY SCOTT

"I don't think I know enough about Hoffa's recent activities to give a significant opinion. But I would be afraid of the possibility of his starting another union. I don't think he would accomplish anything."

new. His union would likely contain the same ills as existing unions do.

"Probably the majority of labor unions should be cleaned up. It appears to me that the leaders are in a position to take too much money. However, I believe unions to be a good thing."

Earl L. Powell, retired cabinet maker, 362 Ballard, El Cajon:

EARL L. POWELL

"Hoffa is a leader and a leader must have powers to be effective. The teamster's union is his sovereignty and he must do all he can for the members. Furthermore, I think the integrity of Hoffa is unquestionable. However, Hoffa is trying to broaden his powers too much. He's trying to become a labor dictator. But I believe we are protected from anything he could do by laws already in existence."

Julie Holcomb, student at California Baptist College in Riverside, 7640 Canton dr., Lemon Grove:

JULIE HOLCOMB

"Yes. The members of his union don't seem to get a chance to oppose anything he does. For example, the pay raise seemed to have been his own idea and I don't think the members will object to it."

"Why he gets away with what he does seems to be based on his being such a powerful, maybe threatening, figure that the membership doesn't dare do anything. I'm not in a union and therefore

maybe I shouldn't criticize. Also, I think labor unions in general are good and I don't believe there are enough people asleep for Hoffa to get away with anything serious."

L. E. Yankey, toolmaker for aircraft company, 1717 Colfax dr., Lemon Grove:

L. E. YANKEY

"Yes. He along with his like decided he was going to be president for five years and was set up in office without a vote by the membership of his union. I believe in unions, having been a member of one for 30 years, but I consider Hoffa a mobster."

"Juan Peron of Argentina and Adolf Hitler of Germany both rose to power through labor movements. And Hoffa's labor dictatorship could be bad too. The government should start curbing him. Unfortunately, the U. S. labor racket's committee didn't prove effective."

Spring Valley Parade Scheduled For Nov. 4

The second annual Spring Valley parade scheduled for Nov. 11, has been reset for Nov. 4 at 10:30 a.m. This decision was made recently by the parade committee of Spring Valley chamber of commerce after it was learned that Nov. 11 is the date for a Brawley "Cattle Call" that many local equestrian groups would be attending.

Wilbert (Bill) Zabel, Spring Valley C of C parade chairman who presided over the recent meeting, said there are many things to be done before the parade gets on the street, and called for volunteers to head and help on committees. This year's theme is "New Horizons."

The route of the parade, it was voted, will be in South Spring Valley, using one of the wider streets, Elkton boulevard from Noline north to Mt. Miguel high school.

MARLENE TO REIGN

Marlene Bates, Miss Spring Valley of 1960, will be invited to reign over the parade. Grand marshal is still to be invited as well as federal, state, county and local dignitaries.

The parade will be on a non-competitive basis, with each entry receiving a trophy. The trophy committee has been appointed.

The parade committee voted to have two means of raising funds for the parade, as more than \$1,000 will be needed. Drawing tickets for a new TV will be sold, and also tickets for a hot cake breakfast to be in the Mt. Miguel high school cafeteria on the morning of the parade at a time to be announced.

Parade chairman Bill Zabel is appealing to people in all parts of Spring Valley to "get behind" the parade movement and to lend a hand in any capacity. He said he and others hope to make this an annual affair and to bring the name of Spring Valley before the people of all states and nations. Much work is to be

done before Nov. 4 and those who would like to help are urged to call Bill Zabel at an early date. His phone is HO 9-9946.

'Sewersvision' Eases Sanitation Line Loads in SV

SAN DIEGO (CNS) — Capacity in the lines of the Spring Valley Sanitation are being increased by about 250,000 gallons daily, or more than 15 percent through the use of television in sewer lines to check and repair leaks. Jean L. Vincenz, public works director, last Wednesday told the County Board of Supervisors.

The disclosure came during discussion of a transfer of funds in the sanitation district budget, with \$13,280 to be taken from the capital outlay account and put in the maintenance and operations account.

Vincenz explained that a recent transfer to pay for engineering costs on the trunk line to be built down Sweetwater Valley had been larger than needed.

"We transferred too much then," he said, "and we are short on our M and O funds. We've spent \$4,000 recently on television in the sewer lines. But so far we have increased capacity 50,000 gallons per day."

The statement followed that an eventual figure of 250,000 gallons daily would be reached. Supervisors approved the transfer and in another action affecting the district held by their pledge not to approve any annexations until the system is in a position to handle such increased loads.

Floor Act 'Booked' At Sam's Barroom

Sam's Bar, at 3315 Buena Vista, Lemon Grove, was the scene lately of a brief, do-it-yourself floor show with the sheriff's department as the audience resulted in one "performer" being booked at county jail for assault and battery.

The sheriff's unit, responding to a call from Sam's manager, Jerry Duty, was investigating his complaint that an irate customer had broken the glass from the front door, while slamming the door in anger.

Before the matter of the broken glass could be resolved, the "show" started at the other end of the barroom. The scenes went something like this:

Patrick Joseph McHale, a postal employee of 3191 Crane st., Lemon Grove was knocked to the floor by a man said to be Sam (no connection with Sam's Bar) Kilroy, 23, of 7910 El Capitán st., La Mesa. McHale averred that Kilroy had sloshed a glass of beer into his face, temporarily blinding him before hitting him in the face several times with his fists. McHale also claimed that John Allen Bates of 7543 Roosevelt st., Lemon Grove kicked him while he was scrapping with Kilroy. Norma Jean McCabe got into the "act" by accusing Bates of throwing her to the floor while she was trying to break up the fight between the men, but she decided not to press charges. McHale signed a citizen's arrest form and the sheriff's men took Bates to the county pokey. Kilroy, whom McHale said "was there," slipped away during the "final act" and is being sought. McHale suffered a cut under his left eye.

CIVET CATNAPPED

Did someone covet a cuddle-some civet cat or did a kid capture it? That question is one plaguing the civet cat's owner, William H. Ireland of 3736 Kenora st., Spring Valley.

According to Ireland, who says he's unemployed, his pet civet is a black and white female, about four inches tall; deodorized, shot for rabies and answers to the name of "Sweet."

Man Of Sea

(Continued)

aboard various sailing vessels. Then he signed aboard a big four-master, the "Svithod," which had a sail expanse of 35,000 square yards, and which departed from Northern Sweden for South Africa.

This ship was not only a carrier, but a training vessel for young men. It contained a school of navigation and parents of the 10 apprentices had paid \$3,000 per boy for three years of training. Larson, however, signed up on his own and learned just as much.

GIANT WAVES

Many of Larson's vivid memories of the sea stem from his days aboard this big ship, which entered great extremes of weather conditions and whose stops permitted Larson to view many interesting peoples. The ship itself entered many perils, such as when the steering gear broke and when it was engulfed by mammoth crashing waves off the Cape of Good Hope.

The crew spent Christmas at the Cape two months after leaving Sweden. The ship unloaded at Laurence Marques, then went on to Australia to take on a cargo of wheat. Leaving there on the way back to Ireland for further orders, they ran into a blizzard which Larson remembers all too well. Sails blew off and icy water kept crewmen on deck constantly chilled. Larson left the Swedish ship at Queenstown and shipped aboard another vessel.

23 YEARS AGO

His other sailing experiences include sailing aboard another four-master to the South Sea Islands, Hawaii and Oregon and San Francisco and eventually to San Diego where he lived before moving to Spring Valley 23 years ago.

In this area he skippered a fishing boat and a ferryboat. In World War I he skippered a kelp-cutting tug for the Hercules Powder Co. of Chula Vista.

He was aboard a ship in San Diego bay when the Otay dam disaster of 1916 occurred. He saw a wall of water 25-feet high rushing out into the bay. It carried homes, barns, farm equipment and livestock and he glimpsed people being borne out to sea.

RESTORATION COMMITTEE
Capt. Larson is a member of the National Geographical Society and is on a committee seeking to restore old sailing vessels like the Star of India berthed alongside the Embarcadero at the San Diego Civic Center. In his home, Capt. Larson keeps a collection of sea relics, paintings and photos. He still loves to think and talk about the sea.

It has sharp claws and can tear a hole through a piece of wood in about three minutes. I know. I had experience with them up north. Elizabeth S. Robinson)

(Note to E.S.R.: Never mind the discourse on civet cats, just stick to the story without discriminating against these little animals. Some of my best friends are like undeodorized civets. Ye Ed.)

LAMP POST SWINDLE

When Mrs. Mariann D. Paten, of 3321 Lakeview dr., Spring Valley decided to have lamp posts installed along her driveway she didn't weigh all of the imponderables correctly. She hired a man who said he was Thomas J. Smith, about 23, to do the job. She paid him \$42 plus sales tax for material he acquired and said he paid for from a near-by hardware firm. She gave him the dough. Smith didn't return the next day to complete the job. She also discovered from the hardware that the items Smith charged her for had been acquired for \$5.30.

SMITH CANNOT BE LOCATED

Shriners of L.G. are making a diligent search for the diamond Shrine lapel pin belonging to nationally-known wrestler-footballer Sammy Stein. It disappeared from his jacket during a Shrine dinner June 30 at El Morocco restaurant in L.G. Stein says he is loath to suspect a fellow Shriner. The pin is valued at \$225.

EXPOSER SOUGHT

Sheriff's deputies are seeking a man, about 20, who conducted himself lasciviously in the presence of three Spring Valley children of tender years. The children, aged 6, 7 and 10, reported that the man stopped his old model, light blue Chevrolet where they were playing near their home on Sinclair lane, S.V. They rejected his offer of avocados. He exposed himself and performed a lascivious act with a pet collie belonging to the youngsters. The children became frightened and ran home.

Sheriff's men are seeking the man who has blond, crew cut hair; dark grey pants, wide black belt with a large silver buckle and a shirt with a yellow insignia on the back. The mother of one of the children will prosecute the person as soon as he is apprehended.

Powderpuffers Are Not Yellowtails

Please don't be too critical when this column comes a cropper by identifying a Lemon Grove girl as a La Mesa chick; or reports on the doings of a Spring Valley PTA as an El Cajon one.

It can happen to anyone . . . even S.D. Mayor Charles

Daill.

Last week at a banquet at Del Coronado he greeted more than 300 women involved in the Powder Puff Derby with this mind-on-another-matter salutation:

"San Diego is proud to be the starting point of this year's YELLOWTAIL Derby."

Why Do They Lie?

During the past two weeks citizens have been subjected to the insidious type of brainwashing that seems to be a standard part of modern government.

The process, a sort of kissin'-cousin of the big lie, could be called the big misdirection.

Example: On June 20, Secretary of the Treasury, Douglas Dillon told the National Press Club that a possible business boom in 1962 might produce enough surplus in the federal budget to permit a tax cut.

The implied promise produces a nostalgia sort of like taffy pulls, hay rides, and nickle loaves of bread. It suggests a return to the less-greedy government of yesteryear. It tells listeners that relief from the near-impossible tax burden is just around the corner.

Along the same line the County Board of Supervisors approved a budget \$8 million higher than last year's. The board told the County Taxpayer's Association that it would try to hold the line at the \$7.02 rate, and that seemed to placate dissidents. Yet, Supervisor David Bird was willing to admit in an off-the-cuff discussion at the monthly meeting of the Lemon Grove Coordinating Council that a higher budget could mean nothing short of higher tax rates unless more assessed valuation becomes available. We do not know whether Mr. Bird repeated these words at the budget hearing although we presume that he did, since he regularly warns that higher expenditures mean higher taxes. Yet, the philosophy developed by the Board suggested that property owners could relax; the tax line would be held. It simply isn't so. The county tax rate must be increased to meet the budgetary commitments.

Secretary Dillon's promises are false. There will not be a cut in federal taxes. Yet, every year the federal government says there will be a cut "next year."

The only purpose that such indirection serves is to keep down uprisings among the populace. . . at least for the time being.

Chamber Nixes Annexation Because Of Sewer Problem

The Spring Valley chamber of commerce board of directors voted Monday night to send another letter of protest to the

County Board of Supervisors regarding the annexation of 10 acres of land outside the S.V. Sanitation District. Charles Lambert, member of the board and head of the Spring Valley Sewer Committee, said that the Board of Supervisors in a letter to the Chamber last November promised there would be no more hookups to the Spring Valley sewers until the existing problem was resolved.

Lambert said that the odor of the sewage treatment plant "is still with us" even though the County Public Works Department has a new program for the plant, with a man there 18 hours a day, seven days a week. Lambert said that recently he was in the plant at midnight with a member of the State Water Pollution Board

The Spring Valley Fire Department extinguished a \$4,500 fire July 4 at the home of Kenneth Griffith, 8816 Hillside dr. at about 10:30 a.m. The family was not at home during the blaze and the Department reported that damage was done to a bedroom and contents and to other parts of the house.

One ambulance run, another structural fire and children starting grass fires with matches also kept the Spring Valley Fire Department "on its toes" during the week of July 10.

The lone ambulance run was on July 7 at about 1:45 p.m. Mrs. Iris Sederlin, 27, of 8747 St. George st., was taken to a hospital after she became ill from dizziness.

fruit trees were burned on July 3 at 9236 and 9260 Hillside dr., after Charles Wood of 9235 lost control of a fire. The trees belonged to a neighbor, Mrs. Gordon Lee. The fire department report said Wood was burning outside of legal hours—1:10 p.m. (Legal hours are before 9 a.m. and after 6 p.m.)

Children playing with fire crackers on the Fourth of July were the cause of a small grass fire at 8942 Kenwood dr. The fire was extinguished just before the fire truck arrived.

Another fire on July 4 was at the Laundromat at 2842 dr. June and Lila Petersen of 3989 Lamar st. had placed a piece of foam rubber in a dryer with clothing. The rubber heated and exploded, burning the clothing. Damage to the clothing was estimated at \$75.

Two other grass fires July 6 were attributed to children playing with matches—at 11:30 a.m. at the corner of Kenwood and Golf drives and the second, at 12:58 p.m., at the south end of Dolores st., in the Casa de Oro area.

Albacores Take Spotlight In 14th Week Of Derby

A record run of albacore, most hitting the scales at over 30 pounds, stole the sports spotlight during the 14th week of the **San Diego Yellowtail** derby. Approximately 15,000 albies were reported taken by the sportfishing fleet. Ten-fish limits were common, the most productive longfin area being 20 to 30 miles southwest of **Point Loma**.

Albacore are touchy fellows, according to **Andy Grayner**, chairman of the 1961 Derby, now in its 15th year. Fishing for longfin requires a little different technique from yellowtail fishing, but even the experts don't always agree. Some prefer a No. 1 or 2 hook. Some like 20-lb. test line and light tackle, while others spool up to 300 yards of 40 to 60-lb. monofilament when they seek the big fish.

John Bayer, 1310 **Shasta** st., **West Covina**, took a 37-lb. albacore aboard the **Sea Hoos** to win first prize of a portable TV set.

William Fesmire, 9016 **Carlton Hills** blvd., **Santee**, captured third with a 34-lb. 6-oz. albacore boated on the **New Mascot**. **Fesmire** won a **Wright & McGill** spinrod, hook supply, Centaure spinreel, Western fishing line, Roddy fishing lure and a **Langley Fisherman's** **DeLiar**.

SPORTS AND RECREATION

Littlest Leaguers Hit Like Heck Up To The Last

Real "big league" ball was played in the Majors of the Cajon de Oro Little League this past week, with outstanding pitching on the part of several teams. However, in the Minors and the Caps the bats were wild, with some scores "way out of reason."

Here are the scores in the Majors for the past week.

July 5. Bears, 10, Tigers, 2, and the winning pitcher was Dennis Heyer. The Tigers were credited with a nice double-play; Kent Wilcox at 3rd to George Stock at 1st.

July 6. Elks, 2, Colts, 1. This was a pitchers' battle all the way, with Larry Papike finally winning. A splendid three-way double-play was turned in by the Elks; Papike on the mound to Jim Paul at 1st to Tom Arnold, catcher.

3 HOMERS HIT
July 7. Lions, 6, Bears, 5, and the winning pitcher was Richard Fretz. Three homers kept the fans on their toes; one by Bob Serr of the Lions and Jim Mitchell and Dave Miller of the Bears.

The Lions made a nice double play; Bruce Young in left field caught a low fly and threw to Tom Christianson at first base, catching the advancing runner off base.

July 8. In the first game of the double-header, it was Tigers, 11, Cougars, 4, with Dave Junker the winning pitcher.

In the second game, it was Elks, 3, Colts, 1, and the winning pitcher was Tom Arnold, who also got the only home of the game.

MINOR SCORES

July 6. Cardinals, 27, Orioles, 4, and the winning pitcher Charlie Grimm.

July 7. Eagles, 33, Robins, 9. Bill Thomson was the winner on the mound. This game was stopped at the end of the fourth inning.

HAWKS BEAT LARKS
July 8. In the first game of the double-header, the Hawks took it by a score of 17 to 7 over the Larks, with Reed Keller winning on the mound.

In the second game, the Cards had 22 runs to 8 by the Orioles. John Ritter was the winning pitcher.

CAP SCORES
July 6. Mustangs, 15, Darts, 9, with Rick Perry the winning pitcher. The Mustangs were credited with two double-plays, both by the same players; Mason Meckel at short to Gary Bernardine at second.

Adult School Expects 12,000 Enrollment

Grossmont district adult school administrators, headed by John Davis, director, and assisted by principals Harry Riley and Viggo Petersen, presented an annual report on adult school operation during the past year to the Grossmont Union high school district board of trustees lately. The report included increased growth and curriculum trends. The average daily attendance in adult school will exceed 1,000 based upon a high enrollment of 7,000 at any one time, and an overall enrollment in excess of 12,000.

SPECIAL COURSES
Davis outlined special offerings in secretarial, sales, apprenticeship, contracting, nursing, medical, and journalism fields which have proved successful during the past year or which will be offered in the fall. The emphasis upon academic and vocational training programs was further highlighted by a report that 182 had graduated from the adult high school this year and that 88% of all enrollment is in the academic and vocational programs. The Board was surprised at the number of course offerings in the nursing and medical fields. Davis explained that there are over 50 rest homes and hospitals in the district and 20 in the county.

SLIDES SHOWN
Progress at Monte Vista High School was reported visually through colored slides presented by Gordon Smith, school planning consultant. The report indicated that O. L. Carpenter Co. is well ahead of schedule.

Associate superintendent Harold Hughes informed the board that the state department of finance was requesting transfer of \$209,097.78 to the state school building fund. This amount had been in the high school building fund representing proceeds from sale of 20 acres to the City of El Cajon nine acres at Third and Lexington in El Cajon, and a commercial strip in front of Helix High School.

Jr. College District Adopts First Budget

The Grossmont Junior College district board of trustees has adopted a preliminary budget for the first year of \$962,486. Of this amount \$567,043 were for current expenses, \$740 for community services, \$76,993 for capital outlay, \$34,335 for undistributed reserve, and \$43,000 for general reserve. A fund of \$240,375 has been set aside to cover tuition payments for transfer students attending San Diego City College and Palomar College during the coming year.

The board approved interdistrict attendance contracts with San Diego Unified and Palomar school districts.

The board took no action on a feasibility study prepared for one of the two junior college sites under consideration for Fletcher Hills-Santee area. It was indicated that further study by an architect, yet to be selected, would be desirable before any action could be taken on the site problem.

Camp activities include swimming, archery, air rifles, crafts, games, nature hikes, and story telling. Another activity, and a big hit with the campers, is the weekly trips to local points of interest.
